### **MC4 Officer Promoted to the Rank of Major** *Major Tennant Recognized for his Service and Dedication*

**Fort Detrick, Md., May 8, 2006** – Medical Communications for Combat Casualty Care (MC4) announces the promotion of Captain Henry L. Tennant Jr. to the rank of Major, U.S. Army Reserve. Tennant joined MC4 as an Assistant Product Manager in 2005, and was instrumental in the historic fielding of MC4 systems into Afghanistan supporting Operation Enduring Freedom (OEF).

In Tennant's first MC4 deployment, he successfully led a team of trainers and support personnel into Afghanistan to equip the 14th Combat Support Hospital and others with 500 Information Management/Information Technology medical systems. His efforts led to the first time deployed medical forces in OEF would have digital medical recording technology at their fingertips.

Newly promoted MAJ Henry Tennant receives his promotion from wife Elizabeth and LTC Edward Clayson, MC4 Product Manager.

“Major Tennant's leadership with the successful installation and integration of the MC4 system in Afghanistan is an example of the commitment and dedication he has shown during his 18 year career in the Army,” said LTC Edward Clayson, MC4 Product Manager.

Prior to his assignment with MC4, Major Tennant was with FORSCOM G-6, Automation Branch providing the highest level of expertise to projects and other military agencies. He also provided IT services as a Logistics Staff Officer in the Equipment Division of the Army Reserves. Tennant developed his IT knowledge with a variety of positions in the private sector, including Logic Technology, Inc., Optio Software, Inc., and Blue Cross Blue Shield of Florida.

Medical Communications for Combat Casualty Care (MC4) develops, fields and supports a medical information management system for Army tactical medical forces, enabling a comprehensive, life-long electronic medical record for all service members, and enhancing medical situational awareness for operational commanders. Headquartered at Fort Detrick, Md., MC4 is under the oversight of the Army Program Executive Office Enterprise Information Systems (PEO EIS) at Fort Belvoir, Va. For more information on MC4, visit [www.mc4.army.mil](http://www.mc4.army.mil).
